

We have received a document by which you have granted trading authority or control over your futures account carried by us to the Account Controller. We are required to bring the following information to your attention:

Since the risk factor is high in futures trading, only genuine "risk" funds should be used in such trading. A person who does not have extra capital he can afford to lose should not trade in the futures market. No "safe" trading system has ever been devised and no one can guarantee you profits or freedom from loss. In fact, no one can even guarantee to limit the extent of your loss.

Even though you have granted trading authority to another, this does not relieve you of the responsibility to know what is going on in your account. GAIN will send you a confirmation of every trade made for your account, and a profit and loss statement showing the financial results of each transaction closed out for your account. In addition, you will also receive monthly statements indicating your ledger balance, current positions in your account, the net profit or loss in all contracts closed out since the date of your last monthly statement, and the net unrealized profit and loss for all open contracts in your account. You should carefully review these statements.

The account trading authorization executed by you shall remain in full force and effect until revoked in writing by you and received by GAIN.
