

RELATED ACCOUNT AUTHORIZATION

The undersigned ("Customer") hereby authorizes and directs the RCG Division of Marex Spectron ("RCG") to open a new account using all existing documentation, including but not limited to agreements and risk disclosure acknowledgments, maintained and existing on file with RCG. Customer hereby acknowledges the receipt and sufficiency of consideration in exchange for RCG's agreement to open this new account. Customer accepts and agrees to be obligated to all of the representations, terms and conditions contained within the existing account documentation, customer agreement, and other agreement, or acknowledgment of receipt of risk disclosures previously agreed to with RCG or which have been assigned to RCG, which are herein incorporated by reference.

Customer further represents that any additional account opened pursuant to this authorization is identical in all respects to customer's existing account, except as otherwise disclosed to RCG in writing, and further represents that there have been no material changes in customer's personal information or financial condition as previously disclosed in prior account documentation. For purposes of margin, customer instructs RCG aggregate all futures, options on futures, cash, securities and other property held in each of customer's accounts carried by RCG.

Customer acknowledges that his/her separate accounts will not contain long positions in one account and offsetting short positions in another account unless such accounts are independently traded or unless one account is a Speculative Account and the other is a Hedge Account. In any event, Customer understands that positions in separate accounts cannot be transferred from one account to another account if such transfer would result in an offsetting transaction.
